

Miss England

PRESS RELEASE – November 2025

Miss England Bare Face Top Model Round Returns for 2025

The Miss England Bare Face round has once again proved hugely popular, with all 30 national finalists proudly submitting their makeup-free images, now live on the Miss England website.

On day two of the Miss England Grand Final, contestants will arrive completely makeup-free and take part in a natural catwalk presentation before continuing with their rehearsals for the main show. Each finalist will be invited to wear a black vest top supplied by Aftershock, with their hair tied back to ensure the emphasis remains on pure, natural beauty.

“The judges are looking for a top model — someone with a great complexion, outstanding features, good bone structure and unmistakable natural beauty,” says Angie Beasley, founder of the Bare Face round and Miss England Director.

This year, all thirty finalists will receive a skincare gift from award-winning natural beauty brand SpaVed. The winner of the Bare Face Top Model round will also be invited to become a SpaVed online influencer for three months, receiving a curated collection of skincare ethical products.

The Bare Face Top Model winner will be announced during the Miss England final and will be fast-tracked straight into the Final 12 of Miss England 2025.

The Final is being held over two days held at the Grand Station Wolverhampton on November 20th & 21st for tickets visit www.grandstation.co.uk/missengland

The 30 finalists will compete for a series of qualifying rounds to try and reach the
final 12 before the final question.

One winner will be crowned on Friday 21st November evening who will then go
forward to the [73rd Miss World final](#).
